

A Powerful Tax Strategy for High Income Earners

The OnePersonPlus® Defined Benefit (DB) plan is an IRS-approved retirement plan that allows independent professionals, small business owners, and individuals with self-employment income to make large annual contributions and accumulate as much as \$1–2.7 million in just 5–10 years. The contributions are deductible and can potentially reduce income tax liability by \$40,000 or more annually.

Typical Occupations

- Attorney
- Construction Trades
- Consultant
- Dentist
- Engineer
- Entertainer
- Farmer
- Financial Advisor
- Independent Corporate Director
- Internet Entrepreneur
- Physician
- Real Estate Agent
- Sales Rep
- Software Developer
- Writer

Is a Defined Benefit Plan Right for You?

If you're a sole practitioner or own a family business, you may qualify for a huge tax deduction each year against your business income. The OnePersonPlus® DB plan is designed specifically to meet the tax savings and retirement income needs of people who are:

- 35+ years of age
- Interested in contributing more than allowed in a 401(k) or SEP
- Able to make that contribution for at least three years
- Earning \$100,000+ annually

Advantages of Defined Benefit Plans:

- Highest allowable contributions to a qualified plan — \$100,000 or more
- Investments grow tax-deferred, building wealth faster
- Tax-deferred roll over to an IRA at retirement (or at plan termination)
- Simplified plan set-up
- You and your financial advisor select the investments
- Reduces income to allow certain S-corporations, partnerships, and sole proprietorships to take potentially up to 20% pass-through deduction on income

Typical Plan Owners Include:

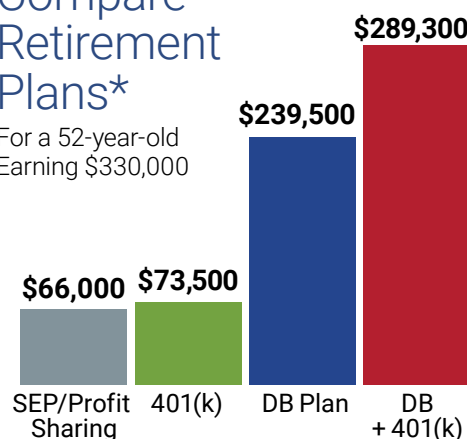

- Independent contractors, consultants, professionals, and sales reps
- Owner-only or owner + spouse or family business
- Self-employed spouses of high income earners
- Employees who also receive self-employment income from a side business

Highest Contributions

- Contribute 2-3 times the amount you might otherwise contribute to a SEP or 401(k).
- The contribution is calculated based on age, earned income, and years of service
- Contributions must be made each year
- Contributions are due by the tax-filing deadline including extensions, but not later than 8½ months after the fiscal year end

You Choose the Investments

Your assets may be invested in mutual funds, bonds, equities, annuities, or other marketable securities that you and your advisor select. Investments with low volatility are generally recommended.

Companies With Employees

Consider an OwnersPlus™ Retirement Program which combines a Cash Balance defined benefit plan with a Safe Harbor 401(k)/Profit Sharing plan. For more information, please contact our plan design specialists at 866-269-2709.

Dedicated Defined Benefit Services supports high income business owners and their financial advisors nationwide in the sale and servicing of Defined Benefit (DB) retirement plans. Trusted by leading financial services companies and hundreds of independent RIAs, CPAs and brokers, Dedicated DB has opened over 4,500 plans for 1-10 person firms.
